Subject

Relinquishment of Rs 11853 out of the budget grant for the Shimoga LR Circle for the year 1902-03

The Executive Engineer, Shimoga Division, resigns under "A. Public Works" Rs 11853 as not required for expenditure during the year chiefly on account of estimates for works for which the amount was ~~sanctioned~~ allotted not having been sanctioned in time by the Superintending Engineer and the President requests to sanction thereto. This application, the object of which is to reduce the extent of lapse at the end of the year ~~appears~~ is in accordance with the procedure laid down in ~~to have been made~~ para 30 pages 22-23 of Govt Flag No H 1150-92/18-1901-02 dated the 7th February 1903.

2. There is nothing in the subsidiary rules framed under the late Chief Commissioners' Notification No 110 of the 4th July 1874 against the application of the

the President which is in accordance with the practice obtaining in the P. W. D

Subsequent to working the above references the President solicits sanction to the appropriation of Rs 400/- and Rs 2000/- out of the grants reserved for meeting the excess expenditure on the repairs of the first 33 miles of the Anantapur Dharmavaram Road and for pushing on the work of constructing three bridges on the above road respectively

Enclosure No. 1 Estimate

Grant of Rs 1650/- for 33 miles of Anantapur - Thirthahalli Road at Rs 50/- per mile for the year 1902-1903

I have the honor to bring to notice that on account of insufficiency of the grant to maintain the road throughout the year in good trafficable order, excess was being incurred every year and payment of such excess was made from the grant of next

year. This retrenchment of grant has been very detrimental to the upkeep of the road. To put a stop to this objectionable and undesirable system, the works have been carried out in excess of grant during the current year. The exact amount thus paid for works done last year out of this year's grant cannot be ascertained accurately as they have been measured and billed during the current year. The actual cost incurred to date during the year amounts to Rs 2050/ against a grant of Rs 1650/ or Rs 400/- more. On representation of the fact the grant has been increased from 50/- to 70/- Rs by sanction of the Government from July 1903. The excess would have been covered up had the increase been granted from July 1902 as represented.

Under the circumstances requests that the President will be so kind as to Countersign and return the enclosed supplemental estimate amounting to Rs 400/- and to provide funds by re-appropriation out of the large grant resigned during the year.
